Classical Guitar

EXPERIENCE

2025 - Current

Digital Skills Instructor - EZ Beyond

Teach adults with developmental and learning disabilities: digital art, computer skills, coding, 3D modeling, math, and reading. Develop individualized lesson plans, adapt instruction to diverse learning needs, track student progress, and provide academic, behavioral, and emotional support.

2025 - Current

Project Manager - ACM Design at UCLA

Front and back-end development of a website supporting a UCLA student organization advocating for academic policies. Collaborate with designers and developers while using JavaScript, React, Tailwind CSS, HTML, CSS, and Figma. Create design assets and maintain consistent branding across club projects.

2022 - 2024

Freelance Artist - Black Key Games

Created custom digital artwork for a board game using Procreate and Adobe InDesign. Collaborated with a Game Designer to research, create, and revise art. Artwork includes a variety of environmental backgrounds, characters and sci-fi weapons/tools.

2023

Engineering Intern - Moffat & Nichol

Selected to participate in a High School STEM summer program to explore Environmental Science and Engineering disciplines including case studies on dredging, wind farms, and construction for tsunamis. Continued mentorship with a CAD Specialist.

2023

Volunteer Artist - The Superhero Project

Collaborated with a nonprofit organization that uplifts hospitalized children by creating a custom superhero poster for a child impacted by serious illness or disability. Transformed the child's ideas into personalized digital artwork using Procreate.

2022

Freelance Artist - San Diego County

Created custom artwork for the 2022 "Shop with a Cop" holiday charity event benefiting underserved youth. Designed marketing materials, event posters, and T-shirts.
